PROFILE

I am a 26 year old frontend developer from Portugal. I graduated from Le Wagon's Web Development Bootcamp in December 2021 and had a brief/trial professional experience as a frontend developer.

PROJECTS

ThirstTrail 📄

Your pocket cocktail builder

- I pitched the idea and was the lead developer of a group of four in the final project of Le Wagon's Coding Bootcamp.
- I was responsible for most of the frontend part of our mobile focused app that allows users to create cocktails based on their preferences.

Rent-a-Mixer 📄

Airbnb clone for cocktail mixers

- Led a team of 3 elements to create a Airbnb clone where we rented the services of cocktail mixers.
